**Bangkok, Thailand – 8 October, 2021:** [Ninja Van](#), Southeast Asia's leading logistics provider, has launched Ninja Padung to help SMEs and sole traders boost the profile of their online shop and attract new customers. The campaign runs from 8<sup>th</sup> October to 16<sup>th</sup> December 2021 and rewards participants with a total of THB 1.7 million Baht in sponsored social adverts.

Online shops throughout Thailand can join Ninja Padung whether they are existing or prospective Ninja Van customers by registering at <http://ninjapadung.appninja.co/> After registering, every time they sell a product and ship their parcel they will earn a Ninja Charm, and each Ninja Charm is an entry into a bi-weekly draw to win sponsored ads on social media.

Ninja Van has partnered with four popular online channels that will promote winners using sponsored posts on their pages: Sale Here (6 prizes), PunPro (12 prizes), Rooyoung (12 prizes) and Event Pass (2 prizes). Each page has more than 1 million followers each, ensuring winners get maximum exposure to a new audience. Additionally, Ninja Van will sponsor THB 500,000 of Facebook ads for 100 winners.

“More and more people are selling online and at Ninja Van we want to give SMEs the support to grow their business. Finding new customers can be tough when resources are tight, so we believe this campaign will give SME owners a welcome boost for their business. We’ve partnered with some popular pages to help elevate their shop and products, and we are also allocating significant funds to help them spread their name using social media ads,” said Pierce Ng, Chief Operating Officer, Ninja Van Thailand.

Entry to Ninja Padung opens on 8<sup>th</sup> October and participants must complete registration 14 days before each announcement is made. The first draw is made on 27<sup>th</sup> October and takes place every two week until 22<sup>nd</sup> December.
